

TRUCK AND EQUIPMENT POST DEALER SPOTLIGHT – SCRANTON MOTORS – GMC – CHEVROLET – COMMERCIAL TRUCK CENTER

WWW.SCRANTONMOTORS.COM

HISTORY & EXPERIENCE – Family Owned & Operated Since 1952!

The history of Scranton Motors began In 1952 when Larry Scranton mortgaged his home to open a gas station after returning from his service in WWII. Committed to taking care of his employees and customers, Larry, with his son, Tom, grew the business into a successful dealership with a specialized commercial division. The Scranton family and business have expanded with two locations and three generations. Larry's grand-children, Meghan and Mathew, continue to proudly serve families with the best sales and service experience possible. Meghan, the youngest female General Motors dealer in the country, founded "Team Scranton" that is very involved in community activities and charities.

Scranton Motors has Commercial Truck Centers and consultants at both Scranton GMC and Scranton Chevrolet locations. Their expert Commercial Sales Manager, Steve Mazza, has years of experience and his team can help businesses locate the correct vehicles and upfits for their vocations. Both dealerships hold the distinction of being Business Elite Dealers with specialized commercial truck services. Scranton Motors has a great selection of new and used trucks in stock including pickups, vans, dump trucks, cab forwards and more. For your next truck, financing, parts or service, visit Scranton GMC or Scranton Chevrolet.
