Prinoth
Raptor 300R

Prinoth Raptor 300R rubber track mulcher comes equipped with a 275hp Cat C7 engine and a direct drive non hydraulic M550 mulching head. Being direct drive means more savings. the 300R runs at full operation on 8 gallons of fuel per hour! There is no power loss to the cutter head it runs at a full 275hp vs a hydraulic unit with a 20-30% power loss and it doesn't generate a fraction of the heat of a hydraulic unit. The rubber track system comes in with an impressive 3.7 psi of ground pressure. It is capable of taking down 14"+ wood and then grinding the stumps several inches below grade and leaving a neat and clean job site.
