Did you know JCB has been awarded US Army contracts since 2005 with contracts extended through 2018 to build specialized military-grade equipment? This includes the 527-58M telehandler and the High Mobility Engineer Excavator (above). Did you know that these machines are produced right here in America in Savannah, Georgia? The US Army and its brave men and women rely on JCB in the toughest conditions imaginable. *What can JCB do for you?*

Come see JCB's specialized military equipment and more at **Northland JCB: Innovate 2017**. Northland JCB is proud to have partnered with Building Homes for Heroes, who work tirelessly at rebuilding lives and supporting the brave men and women who were injured while serving our country during the time of the wars in Iraq or Afghanistan. Building Homes for Heroes builds or modifies homes and gifts them—mortgage-free—to veterans and their families. It's our honor to support the men and women who have loyally and courageously served our country.
