## Section 179 Tax Deduction Limit

The current deduction limit is \$1,000,000 on qualifying equipment, and the limit on equipment purchases has increased to \$2.5 million. This was enacted through the Tax Cuts and Jobs Act.

In addition, the bill allows businesses to depreciate 100 percent of the cost of eligible equipment bought or financed from 9/27/2017 through 2022.

Lastly, bonus depreciation now applies to used equipment.
